Oxford County United Parish

Embracing Albany, North Lovell, East Stoneham and the Waterfords. Pastoral Staff: Revs. W. L. Bull, B. F. Wentworth, A. C. Townsend

Rev. W. L. Bull was called away to attend a funeral in his home parish, the Aroostook Larger Parish, at Ashland and vicinity, last Sunday. This made necessary some last-minute rearrangements of the schedule in order for the parish to supply five preaching points, but it was accomplished. The Odd Fellows and Rebekahs attended church in a body at North Waterford. The road to Albany is still rough but now possible, and it is hoped that the services henceforth will not be so irregular, as they have had to be for several weeks.

Rev. B. F. Wentworth, Minister of Religious Education, is making plans to introduce an hour a week of religious instruction into the Albany common schools. Mr. Wentworth and several of the local 4-H leaders attended the Leaders' Conference at South Paris, last Saturday. They report that plans were there made for a County Field Day at some central place. Mr. Wentworth plans for a public installation of the leaders within the United Parish in the near future.

The Waterford Ladies' Circle served another dinner at the Morse cottage last Tuesday, after which the Congregational Parish held a business meeting.

The fire-killed trees are being removed from the site of the burned church and community house, in anticipation that work on the new buildings will soon be begun.

The bimonthly meeting of the Council is to be held in the South Waterford Grange Hall, Friday afternoon and evening. The speaker of the evening will be Rev. Rodney W. Boudry, the new Congregational State Superintendent. The Congregational Churches of the Parish are seeking to elect their delegates to the State Conference which is to be held at Augusta, next week. Mr. Bull is Vice President of the Conference and Mr. Townsend is Clerk, this being his twelfth year in that office. Mr. Bull is also a member of the Board of Directors. Each church in the state is entitled to be represented by its pastor and two lay delegates, while the larger churches may have a larger delegation.

WATERFORD FLAT

Birthplace of Artemus Ward and Ten Miles N. W. from Norway

Edmund Douglass, who has spent the winter in Augusta, Georgia, where he has a fine position in a hotel, has returned home and will spend a month with his mother, Mrs. Lillian Morse, before going to Manchester, Vt., for the summer.

A Circle dinner was served at "Camp Rest Awhile" on Tuesday of last week. A fine dinner was served by the committee in charge, with Mrs. Helen Rice as chairman. The tables were filled and one table had to be re-set to accommodate a party of six from North Waterford. A business meeting of the Circle was held, followed by a social hour. Another Circle dinner will be served on Tuesday of this week.

Moria Lockwood is again in the hospital suffering from heart trouble. The teacher, Miss Winslow, spent Friday in visiting schools in Norway and South Paris, and the rest of the week end at her home in Gray.

Mrs. Melville Cory, well known to people here, is in the hospital for removal of gall stones.

Frank Morgan has returned from Ashby, Mass., he reports the weather cold and disagreeable, with high winds, much the same as it is here.

Valley and Fuller have been in town the past week. They have equipped the schoolhouse, also several other buildings, with lightning rods.

Genit Garber and Billy Fillebrown each have a lamb, which they are bringing up for pets.

There was a jolly party at the home of L. R. Boudry, on Friday evening, with two tables of bridge. Mrs. Blanche Tyler carried off the honors when the scores were counted. The hostesses, Mrs. Dora Rounds and Mrs. P. B. Rounds, served delicious refreshments, consisting of sandwiches, olives, cake, two kinds of ice cream and coffee. This party was held on the evening before the birthday of Mrs. Nellie Stone, and she was the guest of honor, and was presented with a beautiful birthday cake, with lighted candles. The cake was cut and passed around among the company, who pronounced it to be a most delicious cake. These bridge parties have been very pleasant affairs this winter. The big trees which were injured by the community house fire, have all been cut down and several charges of dynamite have been used to remove the roots.

There was a dinner party at Stone Home on Saturday evening, in honor of the birthday of Mrs. Nellie Stone, with the following guests: Mr. and Mrs. C. B. Bailey, Bridget; Miss Josephine Bailey, Graham Normal School; Miss Shirley Adams, Kittery, Me.; P. E. Kimball, Waterford. Two other guests who were invited were unable to attend. Mrs. Stone received several gifts, also cards and letters; one letter a long and interesting one from Miss Carrie Plummer, who is in California, describing an auto trip of over 1500 miles to the Grand Canyon, Death Valley, and other points of interest which Miss Plummer and Miss Gage have recently taken.

George Rice is plowing gardens in the village here.

Mrs. A. C. Townsend is suffering from a bad cold.

Dr. R. E. Hubbard attended a banquet and medical meeting in Portland, on Friday evening.

Mrs. Charlotte Fillebrown and Mrs. June Pike attended a meeting of the 4-H Club leaders at Norway, on Saturday.

H. Alton Bacon of Bryant's Pond was in town on a business trip, Monday. The ice went out of the lake during the afternoon of April 26, and lots of people have tried the fishing. A few trout have been caught, but the weather is rather too cool for the trout to bite well. At this writing it seems as though the weather is cold enough to freeze the lake again. Spring is very slow in coming to us this year.

WATERFORD

Mr. and Mrs. George Rice and Mrs. Addison Millett attended the Circle dinner at the Morse cottage, Tuesday.

The ice went out of Keoka Lake, Thursday, April 25, later than usual.

Mrs. Charles Hersey and Mrs. Addison Millett attended the Farm Bureau meeting at the Flat, Wednesday.

Lightning rods were installed on Plummer Hill schoolhouse one day the past week.

Harold Millett has leased the Waterford town farm for the coming year and moved his family there last week.

Addison Millett attended the Walker field day at South Paris, Wednesday. Miss Packard, teacher at Plummer Hill, and Miss Winslow, teacher at the Flat, visited schools at Norway and South Paris, Friday.

Harold Millett is driving team for Arthur Millett. He is dragging roads with his team and Frank Millett's. Malcolm Millett is working with him.

All work and no play makes jack for the sanitarians.

NORTH WATERFORD Rice Neighborhood

Mr. and Mrs. George H. Rice attended the Field Day at A. W. Walker's, South Paris, on Wednesday. They went with her father and brother, Charles and Carl Hamlin.

Mrs. C. A. Hersey and Mrs. Addison Millett went together to the Farm Bureau meeting at Morse's cottage, Waterford, on Wednesday.

Walter Lord and family have been moving into their new home the past week. Lewis Decker visited his home here on Saturday.

Charles Learned is taking a short vacation from his work at C. A. Hersey's. He and Leslie Jones went smelting a few times, but with small success.

The next Circle is to be May 14th instead of the third week in May as that is picture week.

Ella Rice spent Friday with Mabelle Hersey. Schools did not keep that day, for various reasons.

Mr. and Mrs. Wallace Jones were Sunday callers at Mr. and Mrs. C. A. Hersey's.

Phyllis Savin is spending a week's vacation with her mother, Mrs. Martha Savin.

Sophia Butters, North Lovell, spent Sunday night with Mary C. Hersey.

Mrs. Mary L. Hersey came home Saturday, from Locke's Mills. She has spent over two months with her daughter, Mrs. E. H. Bradford.

Early Spring Days

The Call of the Open

It is now April 7 and the thermometer has registered nearly summer heat all day down here in Norway, Maine. The frost is fast leaving its winter quarters, the mud is increasing, but with this kind of weather will soon disappear and the hum of the automobiles will once more be heard on our country roads.

The swelling buds on the trees will soon burst forth in all their glory and the sweet perfume of apple blossom time will be with us once again—how it thrills each heart with anticipation of a happy and enjoyable summer "down in Maine."

The snow is fast melting from the mountain sides and soon old Bruin and his animal friends will come forth from their winter quarters and take up their wild life among their old haunts of hill and valley.

Did you ever climb a mountain side on a beautiful day in summer and enjoy nature to the limit, watching the tiny squirrels in their play among the branches of the trees, listen to the woods, calls of the birds and the trickle of the little brook in its course down the mountain side and when the sun was slowly sinking in the west, stand upon the highest peak and listen to the savage call of old Bruin as his voice echoes out a challenge across the valley by its answered by another from a nearby mountain.

A nearly mountain. It would be rather an exciting boxing match if those two old veterans of the forest should happen to meet and give us a thrill of nature, just to listen and in imagination see their huge black forms appear from some thicket of spruce and fir nearby as we stand upon the lofty summit of the mountain.

Among the many beautiful and interesting mountains in Oxford County stands one a little more conspicuous than some of the others. Caribou, in Mason, it is called, and many are the exciting bear hunts that have taken place among its ravines and ledges, and situated just under the lower ledges on the side of the mountain, about half way between its highest peak, is what old settlers used to call "the bear's den."

It is formed of large flat rocks which have fallen sometime in the days gone by, in such a manner as to form a cave of three rooms, the walls of which are also of flat rock and all built by the hand of nature. There is open cavity on one side by which one can enter by crawling through upon hands and knees, but the inside of the cave is high enough for a man to stand up and a large, flat rock forms a roof over all, but not strong enough to slant out the light, so that the inside of the cave can be plainly seen. It is said that bears sometimes

take shelter within its walls, away from the hunters' searching pursuit.

This mountain also has been visited many times by people in search of its beautiful pink quartz. "In the old days while the mountain top was reached only by a winding foot path, the way led by a deep ravine whose sides were a beautiful sight to behold, built up of the glistening pink quartz of light and dark shades, and many are the souvenirs which have been broken from its rugged sides."

What rare opportunities to see and enjoy the beautiful and interesting things of nature are overlooked and lost in the wild rush of the busy world.

Stomach Troubles
Headache and
Dizziness

If your stomach is sick, you are sick all over. If you can't digest your food, you lose strength, get nervous and feel as tired when you get up as when you went to bed.

For 10 years Tanlac has restored to health and activity many thousands who suffered just as you do. Mr. John Burkhardt, of 14 Mechanic St., Portsmouth, N. H., says: "I was flat on my back when I started taking Tanlac. A few doses began to improve my appetite, my digestion grew better, and I was soon back on the job."

Let Tanlac do for you what it did for this sufferer. It corrects the most obstinate digestive troubles—relieves gas, pains in the stomach and bowels. It restores appetite, vigor and sound sleep.

Tanlac is made of roots, barks and herbs. The cost is less than 2 cents a dose. Get a bottle from your druggist today. Your money back if it doesn't help you.

500,000
New Six Cylinder
CHEVROLETS
since Jan. 1st

Again, Chevrolet Surpasses Its Most Brilliant Record of the Past by Producing over 500,000 Six-Cylinder Chevrolets in Four Months—a Greater Number of Six-Cylinder Cars than Any Other Manufacturer Has Ever Built in an Entire Year!

Even with such an impressive record to focus attention upon the outstanding value of the Chevrolet Six, many people still do not appreciate what "a Six in the price range of the four" actually means!

Here, at prices so low as to be within easy reach of anyone who can afford any automobile, are afforded all the smoothness, reserve power and quietness of a great six-cylinder valve-in-head motor. In its speed, its acceleration, its absence of vibration and drumming and, above all, in its economy of better than 20 miles to the gallon it completely revolutionizes every previous standard of

performance in the low-price field. And in beauty and comfort, as well as in performance, the new Chevrolet Six ranks as an outstanding achievement.

Its new Fisher bodies are beautifully finished and luxuriously appointed. Steering is delightfully easy, due to a full ball bearing steering mechanism. And the newly-designed 4-wheel brakes are powerful, quiet and unusually easy to apply.

If you are in the market for an automobile—come in! You owe it to yourself to learn why over 500,000 people have chosen the Chevrolet Six since January 1st!

Before you buy a car it's wise to compare with THE NEW PONTIAC BIG 6
Some people make a fundamental mistake when they go to buy a car. They receive a demonstration and they compare the new car only with the car they are about to trade. To help you avoid this mistake we have arranged a special demonstration of the New Pontiac Big Six. See the others, by all means. But see the New Pontiac Big Six, if only for the sake of comparison.

Prices \$745 to \$895, f. o. b. Pontiac, Michigan, plus delivery charges. Bumpers, spring covers and Lovejoy shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.
